COMFORT IS OUR MISSION!

About

ZARA HOLDINGS

Zara Holdings, established in 2010, is a Sri Lankan based company, Zara Holdings has been working with USA, Europe and Middle East companies. By early 2020 we stepped into Pacific region and today we are renowned brand in Papua New Guinea.

We have persuaded a long-term vision to develop the apparel and safety gear industry in PNG. We have built our company to focus on long term goals while consistently delivering the best possible products and services on an ongoing basis. We have assembled over the past 13 years a team of remarkable breadth and depth. Our design and development team specialized in styling and customized to set all customer requirements while our manufacturing team ensure to delivered high quality and best standard for both our locals, regional and international clients. Zara Holdings one stop solution for all your uniform requirements.

LIGER SAFETY BOOTS is a type of protective equipment or gear specifically designed to guard the feet of the user against injuries and different hazards of workplaces. The safety shoe's function is to protect. Each one of them has unique qualities

PRODUCT ICONOGRAPHY

HI VISIBILITY - DAY & NIGHT

The garment is highly visible in daylight and features reflective material for heightened night-time visibility.

HI VISIBILITY - DAY ONLY

The garment is highly visible in the daylight.

UPF SUN PROTECTION

The Ultraviolet Protection factor (UPF) shows how well a fabric protects your skin from solar UV and lets you select sun protective clothing with confidence.

3M™ SCOTCHLITE REFLECTIVE

3M™ Scotchlite™ Reflective Material – Fabrics are designed for use on safety garments and in athletic and casual wear. When properly used, 3M™ Scotchlite™ Reflective Material helps enhance the visibility of the wearer in night time or low-light conditions when illuminated by a light source, such as headlights, by returning the light back toward the original source and reaching the automobile driver's eye.

UPF SUN PROTECTION

Products that are or can be recycled and will made suitable for re-use.

FIRE RETARDANT

Flame resistant clothing stops burning once the source of ignition, either a flame or an electric arc.

COOL VENTS

The garment features strategically positioned mesh fabrics to allow body heat to escape.

DRI MOISTURE WICKING

Made from specially designed fabric that draws moisture away from the body towards the quick-dry surface, leaving the wearer fresher, dryer and cool.

COOL MOISTURE WICKING

Made from specially designed fabric that draws moisture away from the body towards the quick-dry surface, leaving the wearer fresher, dryer and cool.

BREATHABLE

Made from a lightweight fabric that allows air to circulate around the body whilst ensuring ample warmth and protection from the elements.

WATERPROOF

Made from waterproof, coated fabric and featuring taped seams to prevent moisture penetration.

PURE COTTON

Unlike traditional corporate wear, our range offers the quality, style and versatility you'd expect more from a personal wardrobe.

SLIP RESISTANCE

Slip resistant soles are tested on a ceramic tile wetted with dilute soap solution.

PROTECTIVE TEO CAP

A protective toe cap made according to European or ASTM standard will protect the feet from impact, regardless the material.

STEEL, COMPOSITE or NANOCARBON

COMFORTABLE FOOTBED

The comfortable footbed is developed with an exceptional perforated structure. This ensures lightness, air breath ability and comfort all day

ISO 9001 CERTIFIED

ISO 9001 is a globally recognized standard for quality management. It helps organizations of all sizes and sectors to improve their performance, meet customer expectations and demonstrate their commitment to quality.

Implementing ISO 9001 means your organization has put in place effective processes and trained staff to deliver flawless products or services time after time.
